

Weekly Report 05/18/2014

The data inspection project

Learning canvas-based web-end implementation:

Matrix, box plot, map

TODO:

1. Implement statistical functions at the server end
2. Implement more charts: force-directed layout
3. Hu Wanqi: integrate canvas-based layout to the project

VASA Project

Project refactoring, deleting redundant codes.

Miscellaneous

1. Report: Annual development of visualization

Future Work

1. VASA project: progress bar implementation
